

Santa Ana River Trail Suggested Detour Sunday, May 3, 2015 | 5:30 am – 12:00 pm

Approximately 1.5 miles of The OC Marathon full marathon course takes place on the east side of the Santa Ana River Trail, from Segerstrom to Gisler.

Area to Avoid:

- We suggest avoiding the bikeway on the East side of the Santa Ana River Trail, between Segerstrom and Gisler, as the route will be very crowded.

Suggested Routes:

We suggest all cyclists, buggies, pedestrians, etc to use the west side of the trail, which is a compacted dirt surface.

- Southbound - you can transfer to the west side of the trail at Segerstrom, and then transfer back to the east side at the footbridge at Fairview Park.
- Northbound - head north on the east side until Victoria OR until the footbridge at Fairview Park (just south of Adams), where you can easily transfer to the west side. Then continue on the west side of the trail until you reach Segerstrom, and you can transfer back over to the east side.
